SHELLVOIDE LLC

Information Security Policy Statement

Public Statement of Commitment

Shellvoide LLC (“Shellvoide”) is a cybersecurity company providing offensive security services and the KLUE penetration testing platform to clients across enterprise, SaaS, and government sectors. Protecting the confidentiality, integrity, and availability of information — our own, our clients’, and our platform users’ — is fundamental to everything we do. This statement summarizes our commitment to information security and applies to all Shellvoide personnel, systems, and services.

Our Commitment

- We protect the confidentiality, integrity, and availability of client, employee, and company information, including the sensitive data handled during security engagements.
- We comply with the legal, regulatory, and contractual information security obligations that apply to our business.
- We identify, assess, and treat information security risk through a structured, risk-based approach.
- We maintain an Information Security Management System (ISMS) that is designed, implemented, certified, and maintained in conformance with ISO/IEC 27001:2022.
- We ensure every member of our team is trained in, and accountable for, information security practices appropriate to their role.
- We apply the same rigor to securing our own environment and the KLUE platform that we apply when testing our clients’ systems.
- We plan for, test, and continually improve our ability to detect, respond to, and recover from security incidents.
- We hold our suppliers and partners to information security expectations consistent with this statement.

Scope

This statement applies to Shellvoide’s operations, all Shellvoide personnel and contractors, and the systems and platforms — including KLUE — through which we deliver our services.

Governance and Accountability

Accountability for information security sits with Shellvoide’s executive leadership. Shameer Kashif, Founder & CEO, is the executive sponsor of our Information Security Management System and is accountable for its effectiveness. This statement is reviewed at least annually and updated as our business, technology, and risk environment evolve.

Reporting a Security Concern

If you believe you have identified a security vulnerability affecting Shellvoide’s systems or the KLUE platform, we want to hear from you. Please contact us at info@shellvoide.com. We are committed to responding promptly and working collaboratively toward resolution, consistent with responsible disclosure practice.

Approved by Shameer Kashif, Founder
